MR. PITTMAN ISSUES CARD TO VOTERS.

Enterprise, Alabama, March 30, 1926.

To the voters of Coffee County: My record on education and School work is well known to most of the people of Coffee County. However, I will mention something of my School work.

I taught for six years in the rural schools of Coffee and Pike counties; after which I served as district School trustee of rural schools for several years. After moving to Enterprise, I served on the Council which built the first brick School building for Enterprise that was soon decided to be the State for High School purposes. During the Legislative session of 1911 I was instrumental in the passage of a Bill increasing the appropriation for the High Schools of the State \$2000 each and also a Bill to increase the appropriation for Rural schools.

Since that time I have served 10 years on the City School Board, during which time we have built two brick buildings. My long experience in educational work gives me a knowledge of School affairs which should be helpful to me in the discharge of my duties as a member of the County School Board. My ambition is to see at least a 7 month Public school for the Rural schools of Coffee County.

There will be a Bill introduced during the next session of the Legislature to increase the appropriation for the High Schools of the State \$2000 each and also a Bill to increase the appropriation for Rural schools. If you are interested in these measures, you should speak to the candidates for the Legislature.

There is a new era dawning in the matter of education in this State, and I am anxious to join the crusade, having for its motto "A BETTER COFFEE COUNTY EDUCATIONALLY." Should you see fit to elect me to the place to which I aspire, I shall strive to serve you in a way that you will never have cause to regret having cast your vote for me.

Yours in cause of education,
J. E. PITTMAN.
(Paid political adv., by J. E. Pittman of Enterprise.)

TO THE VOTERS OF COFFEE COUNTY.

I thank each friendly voter for the kindly encouragement offered me at the time I was contemplating entering the race for Sheriff. I assure you that I will ever have a warm feeling for you.

I declined the idea of running of my own free will and in the interest of no one.

Your friend,
Clem Baker.

Call For Farmers to Buy Calcium Arsenate While Price Is Cheap Made by County Agent Shows Where Poisoning Paid Last Year

By R. G. Arnold, County Agent.

If every Coffee County farmer would lay in 500 lbs of calcium arsenate now while the price is 7 cent per lb, we would save quite a bit on collective buying of the poison, but the big profit would come in thousands of bales of cotton saved this year from boll weevils.

Boll Weevil Poisoning Results From Last Year In Coffee County.

We used 10 tons of calcium arsenate last season on 1300 acres. In some instances there was a saving of a third bale per acre due to poisoning, but figuring only one fifth bale per acre increase due to dusting these demonstrations saved 250 bales of cotton, valued at about \$25,000.00. The cost of the 10 tons of poison was \$1600.00 and of 10 machines to do the dusting \$600.00, totalling an expense of \$2200.00 which taken from total value of increased yield due to poison leaves net profit of \$23,800.00. These are figures taken from Coffee County fields in 1925.

In co-operation with the local farm bureau we have arranged for a solid acre of calcium arsenate to be delivered in the county at once, but it is first necessary for this tonnage to be covered with a 2 per cent deposit.

It will mean thousands of dollars to the farmers to have this arrangement made so we have here every farmer should place his order now while the price is cheap. A few years ago Limestone county farmers had to pay 50 cents per lb for a car of poison after the bugs had taken to their cotton. Lets prepare for war in time of peace by laying in a few hundred pounds of this poison at once.

Good results were obtained by our farmers last year without dusting machinery. Few sacks being substituted. The big idea is to get the dust on the cotton when the weevils first appear.

Our farmers are using more fertilizer this year than ever before and it has cost a lot of money. Now it is only the part of prudence and wisdom to control the boll weevil and give the sun and fertilizer a chance to make a big crop. Remember that the government recommends only calcium arsenate dust for poisoning the weevil.

NOTE: Another article next week on poisoning the weevil.

MR. LOFLIN ENTERS RACE FOR STATE SENATOR.

The Clipper today carries the formal announcement of Judge J. M. Loflin, of Enterprise, for Senator from the 25th Senatorial District composed of the counties of Coffee, Crenshaw and Pike. Mr. Loflin for a number of years made his home at Elba, but for the past several years has been living in Enterprise. He is one of the best known men in the county, and is well qualified to represent this district in the senate. The Enterprise Ledger in a recent issue has the following to say of him:

"Judge Loflin is a much loved man in his home town, and has been honored on numerous occasions by our citizens. He has served the town as Mayor twice and has been City Attorney a number of times. Being of an affable disposition, an able lawyer, a public spirited citizen, and a true friend on all occasions to those whom he loves, he is well fitted to grace the legislative halls of his native state, and the Ledger knows that he would always be found on the right side of questions that arise before a law-making body."

The guests were very cordial greeted at the door by Mrs. Mercer Rowe and ushered to the receiving line which was composed of Mrs. H. C. Johnson and Miss Mabel Brunson and the honoree, Mrs. Buchanan.

In the dining room, delicious cream and cake and mints, carrying out the color scheme were served by Mrs. Johnson, Mrs. Dana Perdue and Misses Viola Byrd and Nan Marley.
